Mrs. M. W. Chapman,

Dear Friend,

As ever, I esteem it a privilege to aid the different Anti Slavery instrumentalities, & to contribute my mite to the "Subscription Festival" - I have been waiting, hoping that I should be able to add to it the gifts of other friends - but they think at this time of "pressure" (of which there is general complaint in Mich) all they can do is to sustain Labor in this city & vicinity - at least for the present season; Firm as ever in the faith, of the triumph of this noblest of "good works", which is just now manifesting such ~~rapid~~ rapid advancement in every part of the land, I am Sincerely Yours,
